

Mt 6:25-34

A reading from the holy Gospel according to Matthew

Do not worry about your life.

How Jesus Speaks To Me Through This Scripture

Middle C - St Kevin's Primary School

Jesus spoke to the crowd of people and told them about God. He speaks to everyone, he talks about important things and also how important it is not to worry.

Jesus says, "Don't worry about food, water or clothes, God will get you all of that. Like a bird does not worry if it will find seeds the next day. Because God just puts them there for the bird." I will say, "Thank you Jesus for telling us this story - I will never forget it."

By Liesel

If Jesus spoke to me and said, "*You don't need to worry about clothing and water, God will take care of that for you!*" I would say, "Okay, Jesus I will remember that forever!"

When I read this scripture I imagine the warm sun glow over the hilltop with its warm glow, where a crowd is gathered. I imagine Jesus saying in a marvelous voice that rolls over me, "Put your trust in God as He will provide".

Jesus' words are like food that provides me with what I need. So instead of being greedy, I have decided to give more to people.

This scripture makes me imagine thisOne day riding my donkey, Jesus comes up to me and tells me, "You are the chosen one to help me along my journey!"

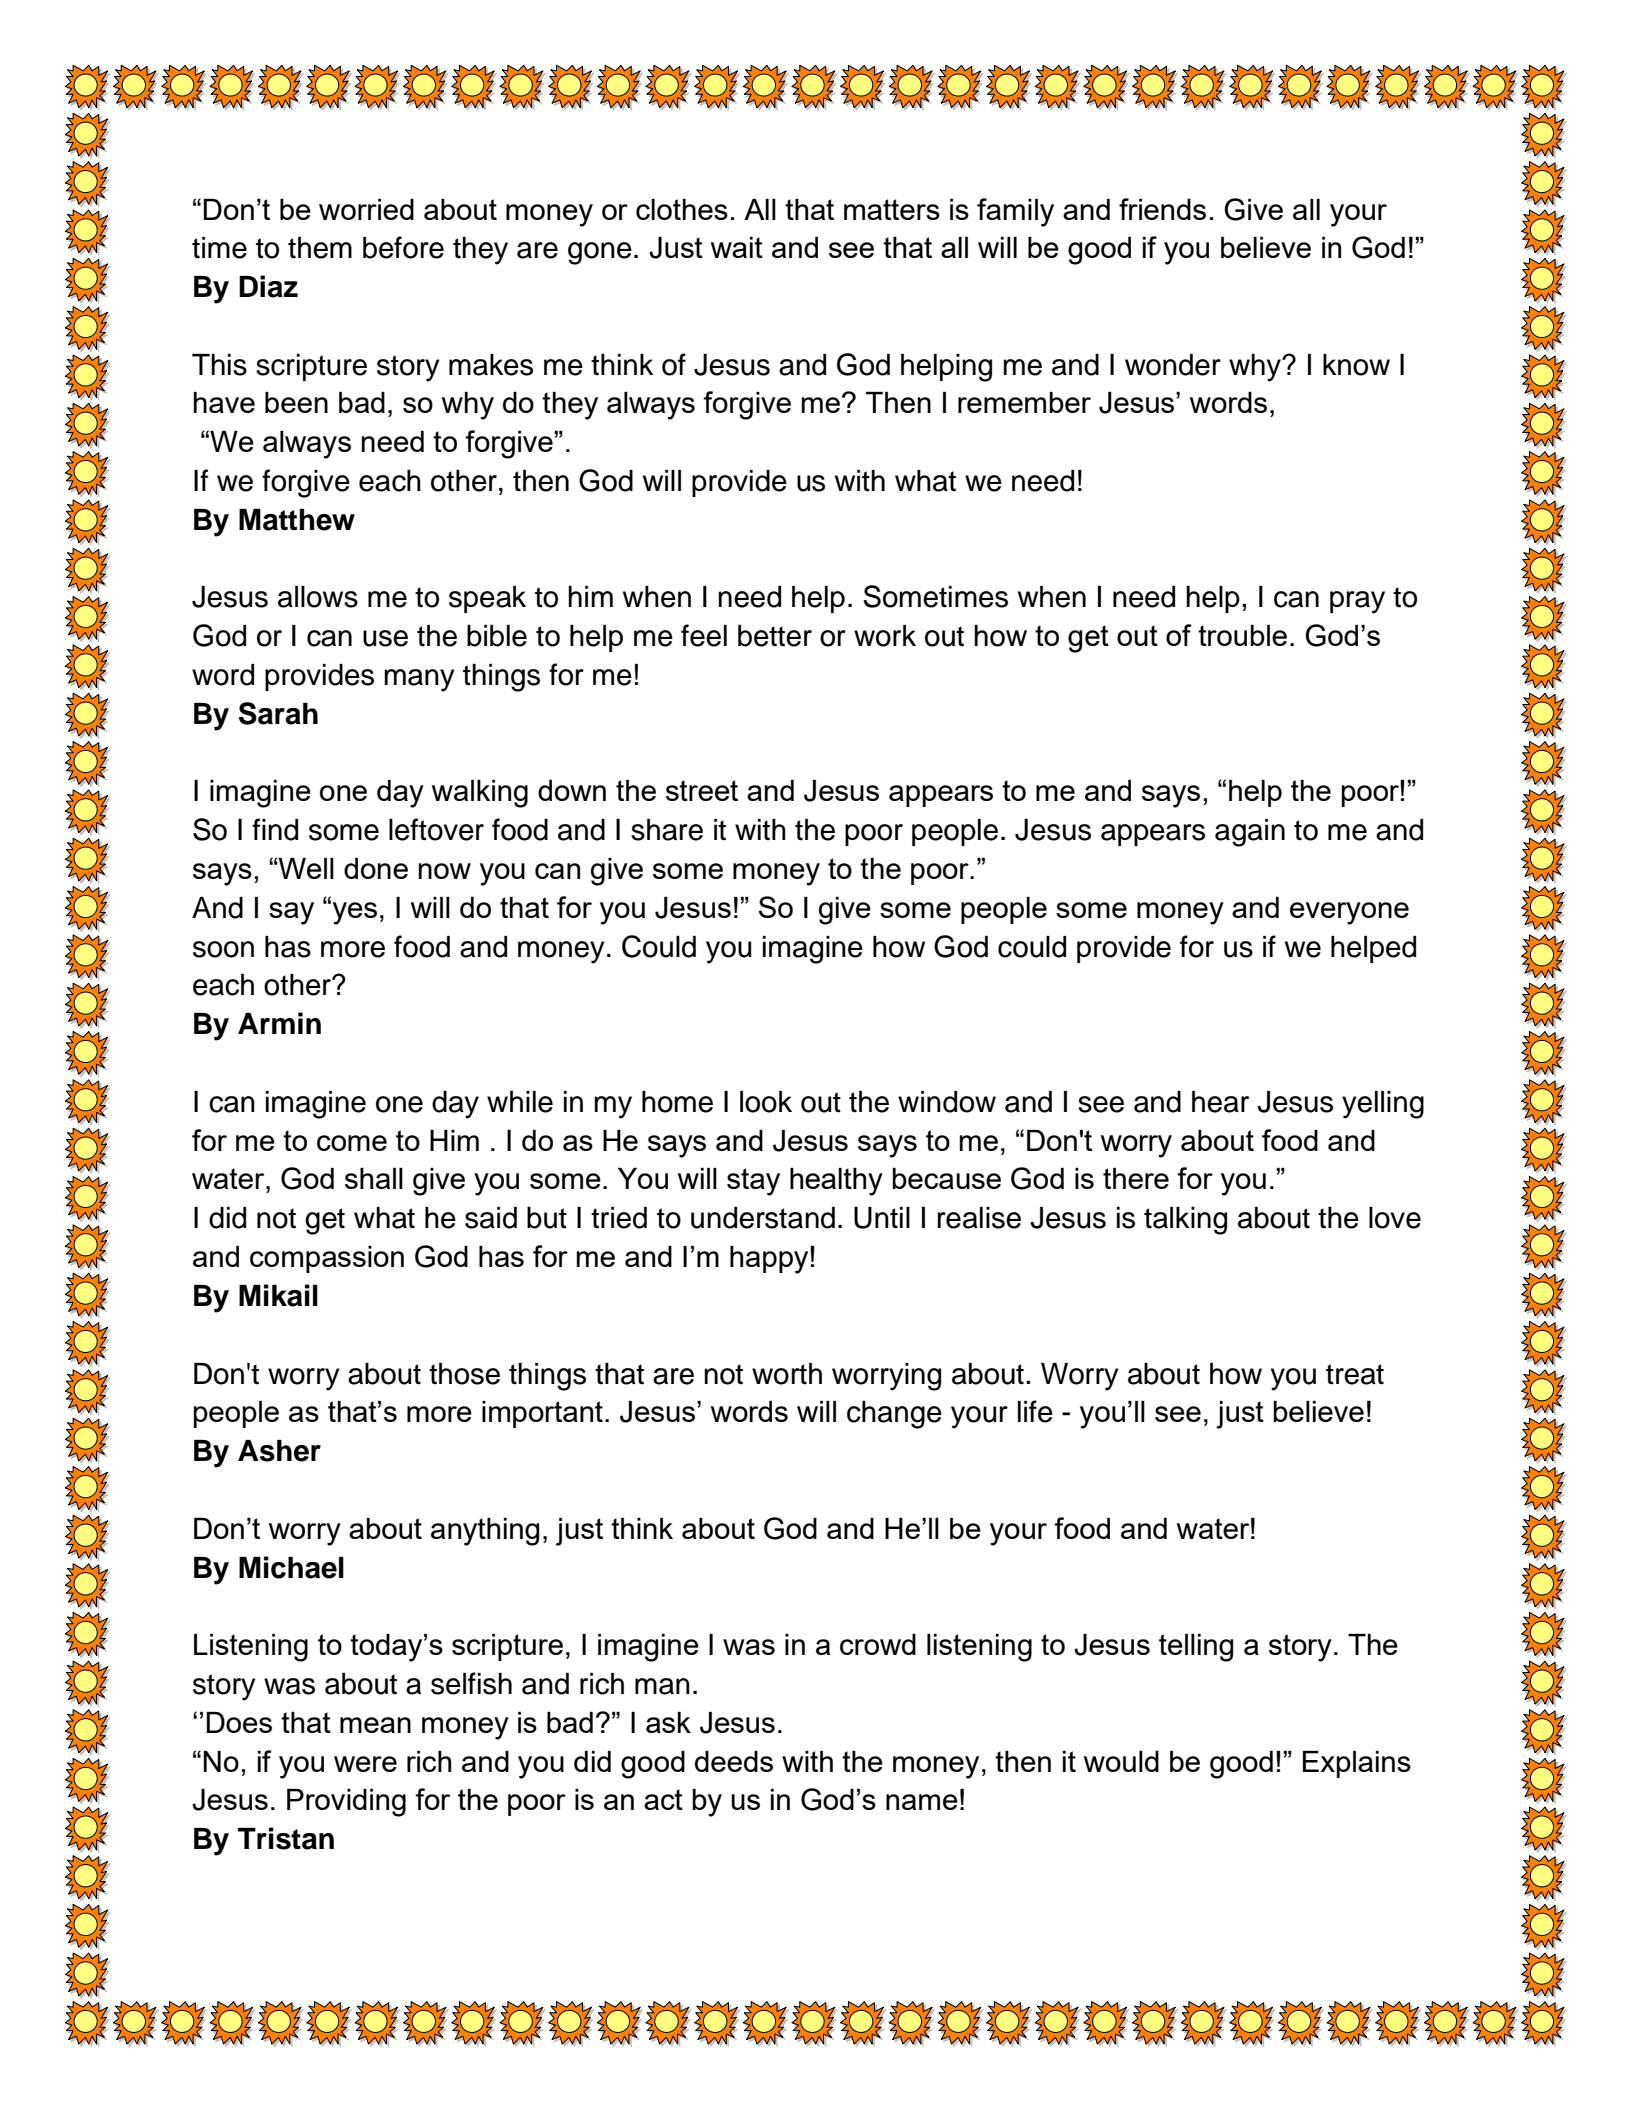

I would reply, "Ok what do I need to do?"

Jesus would smile at me and say, "You need to ride to the village and tell the people God will provide for them!"

Believe in God!

What I imagine about this scripture is a story I've made up about a poor lady called Diaz who works all day and night. She has 5 jobs and she tries so hard to make money for her family. Just when she is about to give up because it is so hard, Jesus shows up and says to Diaz,

“Don’t be worried about money or clothes. All that matters is family and friends. Give all your time to them before they are gone. Just wait and see that all will be good if you believe in God!”

By Diaz

This scripture story makes me think of Jesus and God helping me and I wonder why? I know I have been bad, so why do they always forgive me? Then I remember Jesus’ words, “We always need to forgive”.

If we forgive each other, then God will provide us with what we need!

By Matthew

Jesus allows me to speak to him when I need help. Sometimes when I need help, I can pray to God or I can use the bible to help me feel better or work out how to get out of trouble. God’s word provides many things for me!

By Sarah

I imagine one day walking down the street and Jesus appears to me and says, “help the poor!” So I find some leftover food and I share it with the poor people. Jesus appears again to me and says, “Well done now you can give some money to the poor.”

And I say “yes, I will do that for you Jesus!” So I give some people some money and everyone soon has more food and money. Could you imagine how God could provide for us if we helped each other?

I can imagine one day while in my home I look out the window and I see and hear Jesus yelling for me to come to Him . I do as He says and Jesus says to me, “Don’t worry about food and water, God shall give you some. You will stay healthy because God is there for you.”

I did not get what he said but I tried to understand. Until I realise Jesus is talking about the love and compassion God has for me and I’m happy!

Don't worry about those things that are not worth worrying about. Worry about how you treat people as that's more important. Jesus' words will change your life - you'll see, just believe!

By Asher

Don't worry about anything, just think about God and He'll be your food and water!

By Michael

Listening to today’s scripture, I imagine I was in a crowd listening to Jesus telling a story. The story was about a selfish and rich man.

“Does that mean money is bad?” I ask Jesus.

“No, if you were rich and you did good deeds with the money, then it would be good!” Explains Jesus. Providing for the poor is an act by us in God’s name!

Be good to your friends and family and the happiness that this will give you will be like food and drink for your soul! Jesus' words in this scripture story is like bread that feeds us all.

By Elliott

When listening to the scripture, I imagine getting robbed and Jesus comes to me and says, "Do not worry about it because when we are in heaven no one can steal anything from us!" So do good for others and you will be rewarded in heaven!

By Austin

Be a disciple and walk up that MASSIVE hill that Jesus calls us to climb - faith. Believe in God and God will bless you in so many ways!

What I imagine after hearing today's scripture... Jesus spots me out of the corner of his eye and shouts, "Lennix come to me."

So I do as he asks. Jesus then says to me, "Lennix, don't worry about dark and scary things, think about happy things that make you laugh!"

If you don't worry about silly things and you believe in God, He will provide you with happiness!

What I imagine when hearing the scripture story today.

A pale blue sky above, not a cloud in sight. A young man from the distant land of Nazareth travelling to a tiny village in the middle of nowhere. Small crowds gathered near the top of a hill, sitting around this young man who perfectly fits the description I have of Jesus in my head. I imagine Jesus looking at me through the corner of his eye and then turning to face me, He says,

"Come here, my child."

He speaks with a calming tone of authority that I have never heard before.

His words bring peace to my soul when He says to me,

"Don't worry about things you can not control, trust that God looks over us and He will provide all that we need!"

What I imagine if I was there in the scripture story and Jesus spoke to me.

Jesus is talking to everyone in my town on a hill. In the corner of His eye he sees me and comes up to me and says,

"You don't have to worry about anything"

I say, "What do you mean?"

Jesus then says to me, "You don't have to worry about what you wear because God will take care of that for you."

I reply, "I am confused Jesus, I don't understand!"

He looks at me and says, "You're lucky!" Then he walks away.

I realised what Jesus was saying. I was lucky to have a family and parents that God has provided for me. My parents love me, feed me and clothe me with their love. From this day on I will not worry about stuff too much.

What I imagine...

I walk up to Him with a grin on my face. He looks at me and softly speaks.

“Mira, I would like to speak to you about how fortunate you are. Some people in this village are dreadfully poor. They have no food, no water and no home.”

My smile turns to a frown. He then begins to say,

“ You Mira, on the other hand, have all of those things and more. God put me on this planet to teach you lessons about honesty, thanks, forgiveness and gratitude. You are very fortunate that God respects and worships you. Not just you but all people. So every time you wake up each morning I want you to think about how lucky you are to have shelter, water, food, a bed and a loving family.”

He finished and I replied, “Thank you so much!

I walk back home and think about everything that Jesus had said. “I really am very lucky,” I think to myself.

God has provided me with plenty!

After listening to today's scripture I imagine...

In the crowd, Jesus spots me and starts to talk to me.

Jesus tells me, “Not to worry because God was with me.”

He also explains to me that God will make sure my family and I don't get sick and that we will stay healthy.

It's best not to worry about things that make you sick. God will make things better!
